

International Istanbul Yarn Fair

20th time it met with visitors

The 20th International Istanbul Yarn Fair, held at Istanbul Tüyap Fair Convention and Congress Center, opened its doors to visitors with a ceremony.

The fair, which keeps the pulse of the global yarn trade, meets the needs of knitted, woven fabric, knitwear, home textile and hosiery manufacturers to find new suppliers, while offering visitors the opportunity to discover different manufacturers and new products. At the same time, it provides manufacturers who want to reduce their production costs the opportunity to make comparisons in order to gain price advantage.

International Istanbul Yarn Fair, the world's largest fair organised in the field of yarn, opened its doors for the 20th time. The fair brings together internationally qualified exhibitors and visitors. Innovation and development-oriented leading companies that will exhibit the latest technologies and trends in the yarn sector at the fair offer visitors the opportunity to find the most trendy and quality products at the best prices.

The fair, held at Istanbul Tüyap Fair Convention and Congress Center on 22-24 February 2024, opened its doors with the participation of more than 750 brands, companies and company representatives. In the fair, which is held in 8 halls on an area of 50.200 square metres, yarns, fibres and fabrics are exhibited with a special concept under 3 themes: Soil, Forest and Sea in the Nature to Future Exhibition Area. More than 15.000 visitors are expected to visit the fair.
