# ABOUT TURKISH YARN INDUSTRY

Turkey is one of the largest countries in the world in terms of its cotton yarn production capacity.

The Turkish fibers and yarns industry has developed in recent years, and as a consequence of the increase in demand for textile and clothing products from both domestic and foreign markets, the fibers and yarns production and exports have increased together with investments in the industry.

42.000 textile and clothing companies in Turkey, 2.200 of which are active in fibers and yarns industry.

## BREAKDOWN OF TURKISH YARN EXPORT

## ABOUT İSTANBUL

Istanbul with its position in the heart of Eurasia is the ideal trade platform for the complete region. With a population of 14.5 million, the city is second largest in the Middle East and the fifth-largest city in the world by population within city limits. Its commercial and historical centre lies in Europe, while a third of its population lives in Asia. Istanbul's strategic position along the rail Networks to Europe and the Middle East and the only sea route between the Black Sea and the Mediterranean makes it is the most important city in the Turkish economy. Istanbul has two international airports and a competitive advantage in the maritime sector, having three sides to the sea.
